Boundless Telecom Brand and Style Guidelines

Document Type: Brand Guidelines
Version: 1.0
Date: 18 January 2026
Classification: Internal Reference

---

1. Introduction

This document establishes the visual identity and document formatting standards for Boundless Telecom Group. These guidelines ensure brand consistency and professionalism across all reports, presentations, and internal documents.

Scope: All commercial, technical, legal, and investment materials produced for or by Boundless Telecom.

Mandatory Adherence: All documents representing Boundless Telecom must follow these guidelines without exception.

---

2. Logo Usage

Placement

The Boundless Telecom logo should appear at the top of the first page of all documents.

Placement Options:

- Top center (preferred for cover pages)
- Top left (preferred for internal documents)

Exclusion Zone

Maintain clear space around the logo equal to the height of the “B” in the logo icon. This ensures the logo remains visually distinct and uncluttered.

Logo Integrity

- Do not alter the logo proportions
- Do not stretch or compress the logo
- Do not recolor the logo
- Do not add effects such as shadows or gradients
- Do not place the logo on busy backgrounds

---

3. Color Palette

Color Name	Hex Code	RGB	Usage
Primary Dark Blue	#1A365D	rgb(26, 54, 93)	Primary headings (H1, H3), key elements, logo background
Accent Purple	#7C3AED	rgb(124, 58, 237)	Secondary headings (H2), chart accents, calls to action
Light Grey	#F3F4F6	rgb(243, 244, 246)	Document backgrounds, table header fills
Text Black	#000000	rgb(0, 0, 0)	Body text, standard content
Mid Grey	#666666	rgb(102, 102, 102)	Table header text, secondary information
White	#FFFFFF	rgb(255, 255, 255)	Table body backgrounds, page backgrounds

Color Application

Primary Dark Blue (#1A365D): Reserved for the most important elements including document titles, major section headings, and brand identity elements. This color establishes authority and professionalism.

Accent Purple (#7C3AED): Used to create visual interest and highlight secondary information. Applied to sub-section headings and interactive elements. This vibrant color breaks up text and draws attention to key areas.

Light Grey (#F3F4F6): Provides subtle background contrast for tables and sections without overwhelming the content.

Text Black (#000000): Standard body text color ensuring maximum readability.

Mid Grey (#666666): Secondary text for less prominent information such as table headers and captions.
