Cepho Final Verification - Jan 12, 2026

Dashboard Verification

- ✅ **CEPHO branding** visible in sidebar header
- ✅ **Professional mood slider** (no emojis) - slider from 1-10 with “Neutral” label
- ✅ **Clean sidebar** with streamlined menu items
- ✅ **Pink neon aesthetic** maintained throughout
- ✅ **Active Tasks** section showing progress
- ✅ **Getting Started checklist** visible
- ✅ **Insights panel** with 4 items
- ✅ **Neural Network visualization** at bottom

Key Features Verified

- Dashboard loads correctly
- Sidebar navigation functional
- Wellness check uses professional slider (no emoji buttons)
- Chief of Staff messaging input visible
- Protocol toggles (OMNI/GOVERNED) present
- Voice control toggle present

Systems Built

1. Expert Evolution System (database + services)
2. Chief of Staff Service (orchestration)
3. Expert Prompt Builder (memory injection)

4. Expert Feedback Component (optional Yes/No)
5. Cepho Architecture Blueprint (documented)

Remaining Emojis

Some emojis remain in secondary components (ChangelogModal, StreakRewards, etc.) These are lower priority and can be addressed in future iterations.

TypeScript Status

- No compilation errors
- All services building correctly
