Validation Status

All documents in this library have been reviewed and validated by the Chief of Staff using the following criteria:

1. **Fact Checking**: All claims verified with sources
2. **Cross-Validation**: Checked against secondary AI engine
3. **Source Documentation**: All references cited
4. **Expert Review**: Reviewed by relevant SME expert
5. **Leadership Approval**: Final sign-off by leadership team

---

Usage Guidelines

When starting a new project through Project Genesis:

1. **Select appropriate template** based on project type
2. **Assemble expert team** using Expert Team Templates
3. **Apply sector-specific guidance** from Master Business Plan Template
4. **Follow validation protocols** from Chief of Staff Validation Framework
5. **Use status report template** for milestone updates
6. **Reference research library** for best practices

Version Control

Version	Date	Changes
2.0	Jan 2026	Added SME Success DNA document, 150 company research, 17 expert perspectives
1.0	Jan 2026	Initial library creation
