A100	9	Gratitude practice

Profile Summary

Decision-Making Style: Collaborative but decisive. Seeks input, uses frameworks, and revisits decisions with new information. Low tolerance for unnecessary delays (A20=1).

Risk Profile: High-conviction investor comfortable with risk (A21=10), turnarounds (A35=10), and contrarian positions (A40=9). Prefers active involvement (A29=9) and minority stakes (A33=3).

Communication: Strongly verbal over written (A42=2). Direct, transparent, and empowering. Leads by example and gives credit to others.

Work Style: Not an early bird (A65=4). Highly systematic - automation (A79=10), batching (A72=10), and systems over willpower (A77=10). Protects focus time.

Values: Legacy-driven (A87=10), trust-based (A88=10), authentic (A91=10), and resilient (A92=10). Strong commitment to continuous improvement.
