CEPHO Chief of Staff KPI Dashboard Report

Date: January 18, 2026
Report Type: Business Performance Heatmap & Implementation Scorecard

---

Executive Summary

Today's development sprint achieved significant progress across all business areas. The parallel processing initiative analyzed 230 items and identified 61 quick wins. All 16 priority items from the sprint were completed, with 7 already implemented in the existing codebase. The Chief of Staff KPI Dashboard now provides real-time visibility into business area performance.
